

Last Call – DeepSec 2017 “Science First!” – Call for Papers

Posted on **July 31,2017** by **lynx**

Today our [Call for Papers for DeepSec 2017](#) (motto *Science first!*) officially ends. We are still up to our necks in submissions, but if you have content and want to join, then make sure you submit now! All in-time submissions will be preferred over the ones that missed the d(r)eadline!

The call for papers for the [1st Reversing and Offensive-oriented Trends Symposium 2017 \(ROOTS\)](#) still runs until 5 August 2017. Make sure you don't miss this deadline in case you want to beef up the science content of infosec!

Our reviewers love to hear from you!
