

DeepSec 2017 Early Bird Tariff ends on 25 September

Posted on **September 22,2017** by **lynx**

The early bird tariff for DeepSec 2017 (and [ROOTS](#)) ends on 25 September 2017. We recommend [buying your ticket now](#). Save some money! In addition we ask you to book the workshop you want to visit as early as possible! Every year we see sad faces, because the workshop of your choice had to be cancelled. Our trainers need a minimum number of attendees. Some trainers need to catch flights and spend good parts of a whole day travelling. They can't come to Vienna if the minimum number of trainees is not met. So do yourself a favour, make up your mind now, and book the training you want to have.

In case you cannot use online payment, let us know. We can invoice the ticket to you directly, if needed. Just drop us an email. See you in Vienna!
